Metallic paper has quietly become a staple diet for many of the UK's professionals. If you are looking to add another dimension to your photography, one that really packs a punch and one that is rarely available to the general public, then our Metallic prints could be for you. This ultra-Gloss paper boosts contrast and brings your images to life with a real metal reflective sheen.

Art Blocks

(Canvas Wrap Round base with slightly raised Coloured Edged Blocks adhered to the Wrap)

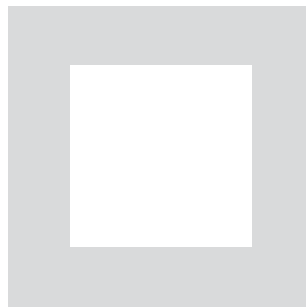

These fabulous Art Blocks can really unleash your creative talent.

We created the product by combining two existing and popular finished products, the Canvas Wrap Round being the base and our Coloured Edged Blocks magically adhered to the base with a tiny gap between to create the floating effect. Irresistible!

First, choose from 8 exciting templates below. Then select the coloured edging on your blocks.

Opus Acrylic

The brand new Opus uses every inch of our skill and knowledge in handling acrylic to produce a unique product in a class of its own.

Opus Acrylic

Style	£ each
3UP (Landscape or Portrait)	450
4UP (In a row or square)	600
9UP (As shown)	750

The Opus is built using a high gloss acrylic back plate in either black or white with a floating clear piece of acrylic at the front. This part of the product houses the crystal clear, reverse mounted acrylic blocks that sit neatly through the cut apertures and rest on the back plate. Four large chrome studs connect the two pieces of acrylic leaving the space between offering dynamic prisms of light reflecting throughout.

Delivery times: up to 15 days

* Due to its size, this product is extremely heavy and requires professional wall mounting.

Black 'Ice' Acrylic

Offering a smooth high gloss framed effect finish our Black 'Ice' Acrylic is a contemporary product to suit the most modern of environments. Applying our renowned reverse mounting techniques your image is inset into a solid black acrylic frame resulting in a seamless finish.
